TOP CHARCOAL

About Us

We're an Indonesian Charcoal Producer specializing in the Export of high quality briquettes and raw charcoal and can match prices in markets around the world. Located in Indonesia which is rich in coconut and wood products, our stock and prices can meet your needs.

Made with quality materials. We perform accurate testing to ensure our products have the highest levels of quality, potency and purity in the laboratory.

Our Shipping

We're proud of our products and guarantee delivery to you safely. We have more than 20 customers around the world. Having a production capacity of more than 200 tons or 10 containers per month, we export products to the Middle East, USA, UK and other countries so we can carry out shipping on time and according to your needs.

Our Product

Tamarind Charcoal

Known for its long burning time, high heat, and minimal ash, perfect for grilling and smoking.

Mix Hardwood Charcoal

A blend of different hardwoods, providing a balanced heat and flavor profile for all your grilling needs.

Halaban Charcoal

A fast-lighting charcoal made from compressed coconut shells, ideal for quick grilling and barbecues.

Our Product

Coconut Briquettes (Shisha / Hookah)

"Experience the ultimate in flavor with our Coconut Briquettes, perfect for shisha and hookah! Made from 100% natural coconut shells, they burn clean and evenly, ensuring a smooth, long-lasting session. Enjoy rich, vibrant smoke without any unpleasant odors. Elevate your hookah experience—choose our Coconut Briquettes for the best taste!"

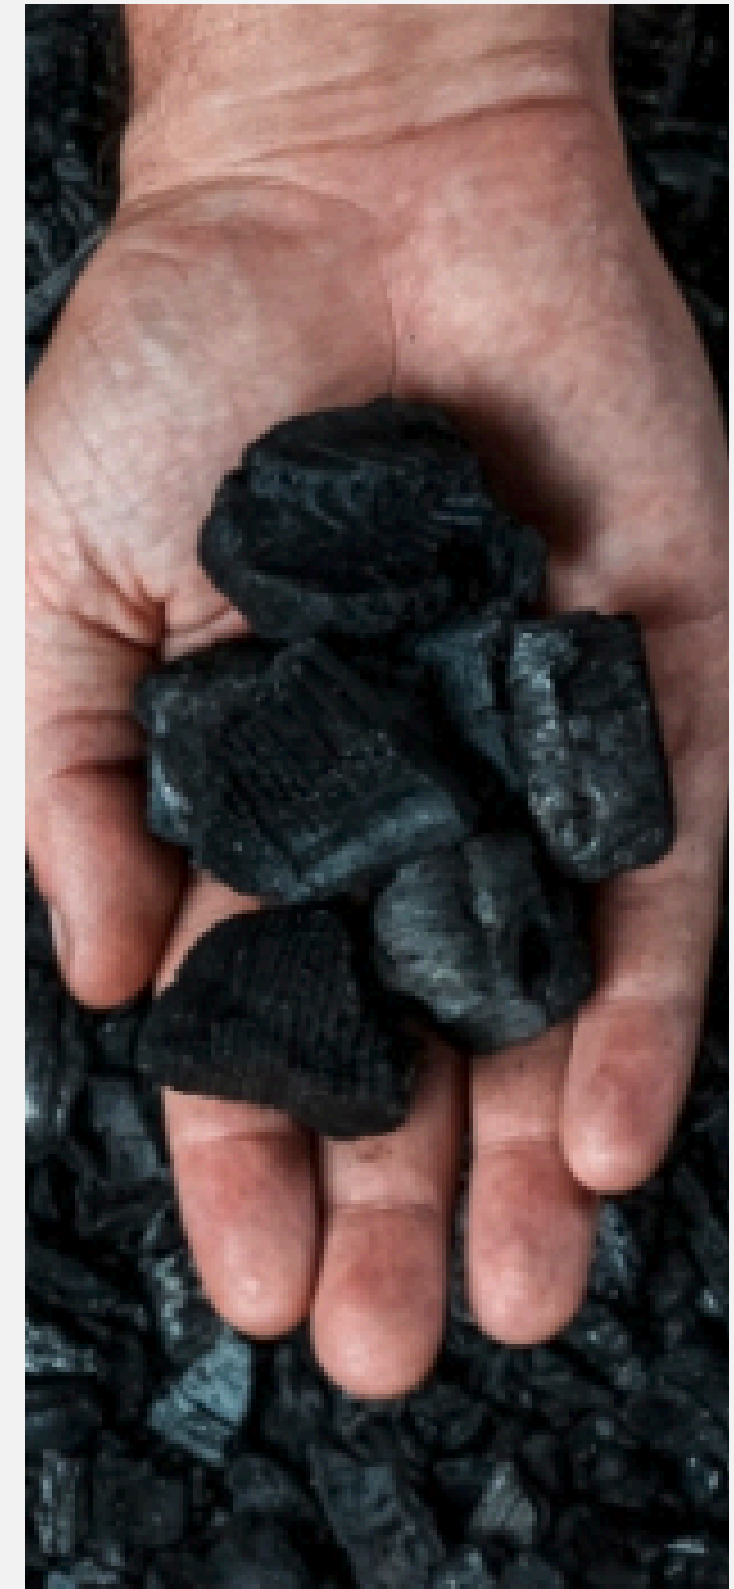

BBQ Wood Briquettes (Barbeque)

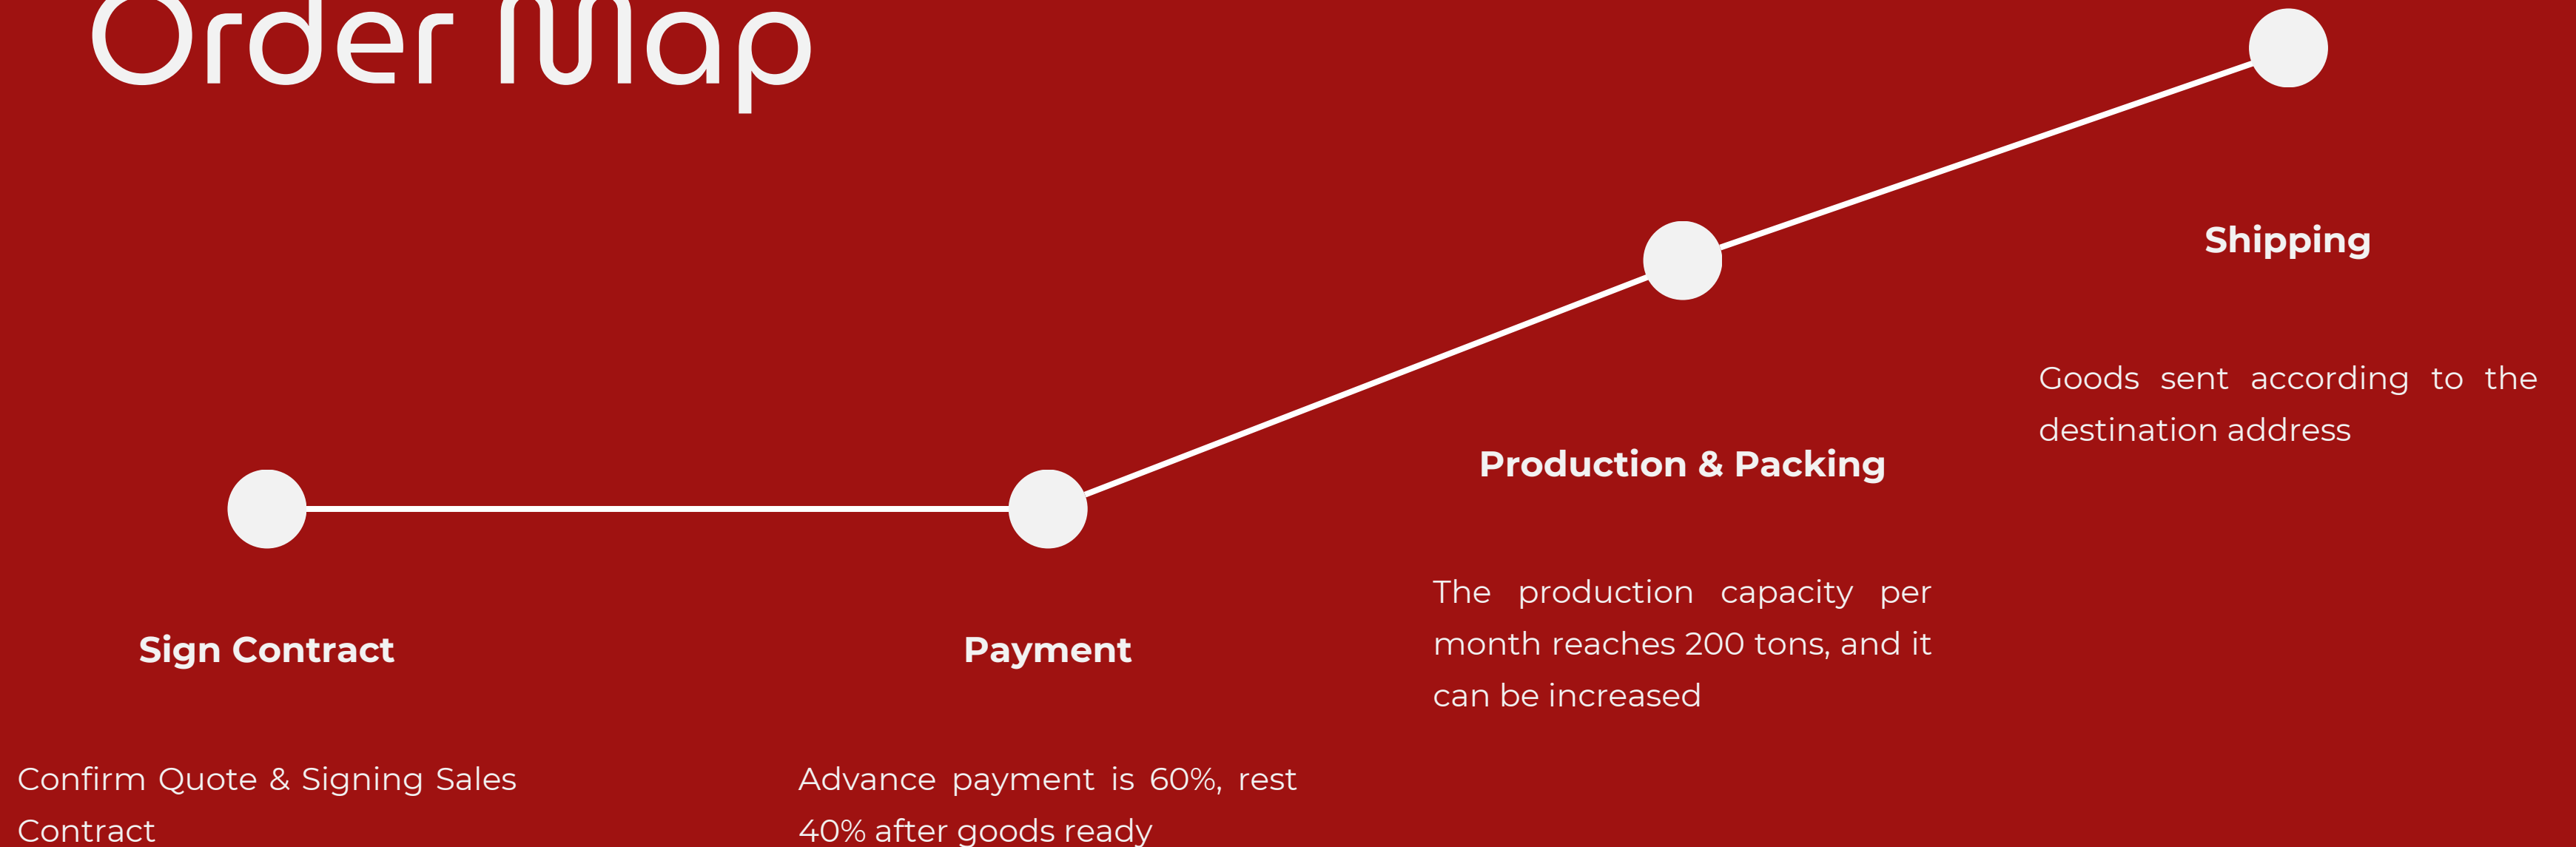

"Introducing our BBQ Wood Briquettes: the perfect choice for an unforgettable grilling experience! Made from 100% natural materials, they burn longer and hotter, giving you that authentic smoky flavor. Plus, they're eco-friendly, ensuring you're grilling with a clear conscience. Elevate your BBQ game—choose our Wood Briquettes for delicious meals and a sustainable future!"

Our Price

We believe that effective pricing should reflect the unique landscape of your market. Our approach includes flexible pricing models that can be adjusted according to your needs. With a broad spectrum of options available, we aim to provide solutions that not only meet your financial goals but also enhance your overall business strategy.
